

LVA-FH10002 - 10 GHz septum

Description

The LVA-LVA/FH10002 is a septum feed for 10 GHz. T. The LVA-FH10002 is constructed of aluminium and plated in SurTec® 650 to ensure durability and repeatable RF performance

LVA-WFH10002 - 10 GHz Septum feed Technical Data Sheet

Product code	Mod.	LVA-WF10002
Frequency	GHz	10000 ÷ 10700
Suitable for offset Dish with	F/D	0.6 ÷ 0.7
Return loss	dB	>26 dB
SMA-F connectors		SMA-F
Case milled		Aluminium
Galvanic treatment		SurTec® 650
Dimensions	mm	60 x 60 x 180
Weight	g	406
Supplied incl. 4 inox screws to hold WR-42 flange	nr	M3 x 10
